Hon'ble Sir,

Re.: Mahasahakar Website Issues & Society Validations Issues.

Sub.: Extension of Due Date for Online Upload of Audit Report.

This is to bring to your kind notice that the Mahasahakar Website is not working since last 15 days and the auditors are not able to upload the Audit Reports. The issue was discussed with Shri Gavhankar Sir on 23rd August, 2016, who confirmed the technical issue saying it will take another 2-3 days to resolve the same. There is lot of unrest in members due to the pressure for completion of audit from department & non working of Department website itself.

Meantime, considering the technical issues of the Mahasahakar Website and the fast approaching due date of uploading the Audit Report 31st August, 2016, we request yourself to kindly give an extension in the online filings of Audit Report from 31st August, 2016 to 30th September, 2016.

Also all the ward offices to be advised to validate the Society login immediately on the same day once the societies are approached with copy of Registration Certificate. We also suggest to remove the manual intervention of validitating the society login and we need to move toward Auto Validation by generating OTP just like Income Tax and other government official website. This will ensure the hasselfree and timely Validation of society login. The Education and Training to societies on the E-governance initiative of Co-operative Department alongwith hasselfree online society enrollment will make E-governance a real success.

Sir, we are also awaiting a reply on our letter dtd. 17/05/2016 seeking clarification on Interim Order on Audit Fees passed by Aurangabad Bench of Bombay High Court.

We once again request you to kindly extend the date of Online Upload of Audit Report from 31st August, 2016 to 30th September, 2016 and issue a Circular / Communication to that effect immediately.

Thanking you,

Yours faithfully,

CA. Shruti Shah,
Chairperson - WIRC
